The Chinese University of Hong Kong (CUHK)

**Motto**

博文約禮

Through learning and temperance to virtue.

**Emblem**

The emblem of the University is the mythical Chinese bird feng (鳳) which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty. The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

**Mission**

To assist in the preservation, creation, application and dissemination of knowledge by teaching, research and public service in a comprehensive range of disciplines, thereby serving the needs and enhancing the well-being of the citizens of Hong Kong, China as a whole, and the wider world community.

**Vision**

To be acknowledged locally, nationally and internationally as a first-class comprehensive research university whose bilingual and multicultural dimensions of student education, scholarly output and contribution to the community consistently meet standards of excellence.

**CU Medicine**

**History**

Established in 1981, the Faculty of Medicine has flourished and grown over the years, adding different schools of various disciplines and churning out groundbreaking medical discoveries as well as graduates of exceptional talents who have put it on par with its international and local counterparts. The Faculty has been ranked as one of the top 40 medical schools in the world in less than 40 years.

**Logo**

Two overlapping purple and green apricot leaves have come to represent the Faculty of Medicine since 2013. Apricot trees have long been used to embody the medical profession. While purple is the Faculty’s signature colour, green symbolizes youth and vigour. Mimicking the leaf veins, the Chinese characters of CUHK (中大) are embossed on the apricot leaf.
The year 2021 marks the Ruby Jubilee of CU Medicine. Since our humble beginnings 40 years ago, CU Medicine has thrived to become one of the world’s top 40 medical schools, serving as a hub of talented students, physicians and scientists who are committed to making a difference and having a positive impact on healthcare.

More celebration events:

Photo courtesy: Information Services Office and Communication and Public Relations Office, CUHK
Despite a history of 40 years only, we are proud to be among the top medical institutions in the world. This exemplifies that our efforts in education, research and clinical service have borne fruits. If you aspire to become a doctor with benevolent heart and mind, or to explore the world of medical science with world-renowned clinician-scientists, CU Medicine is the right choice for you. I look forward to seeing you on CUHK campus next September.

CU Medicine is dedicated to offering a personalised learning experience with diverse opportunities to our students. Our MBChB programme and Global Physician-Leadership Stream (GPS) are known to adopt a student-centred approach that empowers students to take charge of their own education and go for their passion. While we take pride in our students’ scholarly achievement, our student’s well-being is highly valued as well. We believe in teamwork as much as individual talents. We work together to nurture our students prudently, and support them in academic as well as personal level. On behalf of CU Medicine, we cordially invite you to join our big family.
Freshmen with Level 5** in 3 subjects or above can receive an award on top of the CUHK admission scholarship and guaranteed hostel place for 2 - 4 years.

Freshmen with CUHK’s full-tuition Admission Scholarships can additionally receive a subsidy of HK$40,000 for participating in extra-curricular activities.

**Outstanding performance in Art and Music, Sports, Science and Technology.**

### Selection Criteria for Other Admission Scholarships

**Outstanding performance in Art and Music, Sports, Science and Technology.**

### Admission Scholarships

#### JUPAS Students

Freshmen with Level 5** in 3 subjects or above can receive an award on top of the CUHK admission scholarship and guaranteed hostel place for 2 - 4 years.

**Non-JUPAS Students**

Freshmen with CUHK’s full-tuition Admission Scholarships can additionally receive a subsidy of HK$40,000 for participating in extra-curricular activities.

**Selection Criteria for Other Admission Scholarships**

**Outstanding performance in Art and Music, Sports, Science and Technology.**

### Admission Scholarships

#### JUPAS Students

Freshmen with Level 5** in 3 subjects or above can receive scholarship.

Freshmen with Level 5** in 5 subjects or above can additionally receive free hostel place (renewable).

Freshmen with outstanding admission results may receive scholarship.

**Non-JUPAS Students**

Freshmen with outstanding admission results and active participation in activities or services are also eligible for other College scholarships.

### College Selection Criteria

**Chung Chi College**

**College Motto:** In Pursuit of Excellence

- **Hostel Life**
  - **10 buildings**
  - **1,400+ places**
  - **1-year residence scheme**

**Hostel Selection Criteria**

1. District of residence
2. Type of residence
3. Others (e.g. participation in college student activities/student bodies)

**Hostel Life**

- **4 buildings**
- **1,186 places**
- **1-year residence scheme**

**Hostel Selection Criteria**

1. District of residence
2. Type of residence
3. Extra-curricular activities
4. Special quotas (e.g. nomination, president of college student bodies)

**New Asia College**

**College Motto:** Sincerity and Intelligence

- **Hostel Life**
  - **10 buildings**
  - **1,400+ places**
  - **1-year residence scheme**

**Hostel Selection Criteria**

1. District of residence
2. Type of residence
3. Extra-curricular activities
4. Special quotas (e.g. nomination, president of college student bodies)

Teaching Facilities

Choh-Ming Li Basic Medical Sciences Building (BMSB)

The BMSB is a dedicated teaching and learning complex for the undergraduate students of the Faculty of Medicine.

Designed to heighten effectiveness and efficiency for education excellence, the building was renovated in 2020 with refurbished modern classrooms, state-of-the-art teaching laboratories, computer rooms, and a spacious learning common with rooftop garden that can accommodate more than 130 guests.

We take special pride in our modern dissection laboratory - one of the finest in the world for hands-on dissection training and life-and-death education. Students learn valuable lessons and anatomy knowledge from the “silent teachers” and develop a deep sense of gratitude and respect for those who have donated their bodies to science.

Since the “silent teachers” programme was launched in 2011, over 19,500 donors have registered for the programme to contribute to the development of local healthcare education and research as of Aug 2021.
Teaching Facilities

As the largest teaching hospital of CU Medicine, the Prince of Wales Hospital has worked closely with the University to nurture over 5,000 healthcare professionals while supporting our medical research initiatives over the last few decades.

Occupying an area of around 10.5 hectares, the 1,700-bed regional acute hospital provides a comprehensive range of secondary, tertiary, and quaternary healthcare services through its many multidisciplinary teams, offering patients state-of-the-art medical care and cutting-edge treatment of many complex and rare diseases.

The Phase II redevelopment project commenced in 2017 will provide additional space to meet the increasing service demand and operational needs.

The CUHK Medical Centre (CUHKMC) is a non-profit, private teaching hospital wholly owned by The Chinese University of Hong Kong (CUHK). With a social mission to bridge the service gaps between private and public healthcare in Hong Kong, CUHKMC is dedicated to offering quality healthcare service at affordable and transparent package prices. In line with the not-for-profit principle, all surpluses from all healthcare services will be ploughed back to the hospital for hospital development and the CUHK Faculty of Medicine for research and teaching.
The Li Ping Medical Library provides an extensive collection of clinical and medical sciences resources in print and electronic formats to support the needs of students, faculty, and researchers. The design of collaborative learning space and individual study areas can cater to users with different learning styles. Apart from a few sections, the Library provides 24-hour access for users daily.

Li Ping Medical Library

To help students develop physical examination skills and clinical procedures as part of our integrated systems-based medical curriculum, the 8,000 sq. ft. Learning Centre features 7 consultation rooms, 6 open-space demonstration/lecture rooms, and a control room.

Kai Chong Tong Clinical Skills Learning Centre

Two high-fidelity simulation wards were recently built to improve the practical experience of medical students. The wards are well-equipped in a normal ward setting to provide a safe and controlled clinical learning environment to supplement classroom teaching.
Opened in 2005, MISSC is the first training centre offering minimally invasive, robotic and endoscopic surgical training in the Asia Pacific region. The centre comprises well-equipped Robotic & Minimally Invasive Surgical Skills Laboratory, Microsurgical & Endoscopic Skills Laboratory as well as Simulated Operating Theatre for facilitating hands-on training and research.

Equipped with advanced biomedical equipment, the nine-storey, state-of-the-art building contains a demonstration laboratory, seminar rooms, research commons, theme-based laboratories, meeting areas and offices. Its open-plan layout and green designs offer an integrating, eco-friendly environment for the Faculty's expanding research activities and scientific exchanges.

The building has received Platinum Standard rating from the Hong Kong Building Environmental Assessment Method (BEAM).
## Exchange & Clinical Attachment

### Number of incoming and visiting students in 2016-2020:

340+

### Number of outgoing students in 2016-2020:

740+

### Overseas regions including:

- Australia
- Austria
- Canada
- Cuba
- Czech Republic
- Fiji
- France
- Germany
- India
- Ireland
- Italy
- Jamaica
- Japan
- Kenya
- Nepal
- Netherlands
- Poland
- Singapore
- South Africa
- South Korea
- Sri Lanka
- Sweden
- Taiwan
- Tanzania
- Thailand
- The United Kingdom
- The United States
- Vietnam
- Zambia
- etc...

### Destinations of Student Clinical Attachment in 2016-2020:

- Hong Kong: 11%
- Mainland China: 1%
- Overseas: 88%
Awards & Scholarships

University Admission Scholarships

Criteria
Outstanding academic or non-academic performance

JUPAS:
Bases on HKDSE results

Non-JUPAS:
• Bases on examination results of GCE A-Level / IB Diploma / SAT / OSSD / B.C.
• Diploma (or equivalent) / ATAR / Taiwan GSAT / Cambridge Pre-U, etc.

Application
No application is required. The University will identify and grant qualified new students.

Amount
Up to full-tuition coverage. Some of the Admission Scholarships will also include an allowance of up to HK$45,000 per year. Most of the Admission Scholarships are renewable for the normative period of study programme (subject to satisfactory academic progress).

Faculty Admission Scholarships

Prestigious Admission Scholarships for Medical Students

1. Dr and Madam Tzu-leung Ho Scholarship for Distinguished Medical Students
   (For S.H. Ho College students)
   Up to HK$600,000
   ($100,000 each year, to be renewable during normative study period)

2. My Life in Medicine Award
   吾生有杏獎學金
   Up to HK$500,000
   ($100,000 each year, to be renewable up to 5 years)

3. TYW Holdings Corporation Scholarships
   Up to HK$480,000
   (HK$80,000 each year, to be renewable during normative study period)

Scholarships & Awards Figures in 2020-21

Number of scholarships offered: 250+
Number of medical students awardees: ~700
Percentage of medical students awardees: ~48%

Amount of scholarships offered
~HK$23,000,000

No application is required. The University will identify and grant qualified new students.
The Xiaoren Pan Distinguished Research Award for Epidemiology of Diabetes in Asia 2020

Dr TANG Ming Kuen Patrick
Department of Anatomical and Cellular Pathology

Professor LAN Hui-yao
Department of Medicine & Therapeutics

Professor MA Ching Wan Ronald
Department of Medicine & Therapeutics

Gold Medal with Congratulations of the Jury:
A Novel Virus-Free Anticancer Gene Therapy
International Exhibition of Inventions Geneva
