The Chinese University of Hong Kong (CUHK)

**Motto**
博文約禮
Through learning and temperance to virtue.

**Mission**
To assist in the preservation, creation, application and dissemination of knowledge by teaching, research and public service in a comprehensive range of disciplines, thereby serving the needs and enhancing the well-being of the citizens of Hong Kong, China as a whole, and the wider world community.

**Vision**
To be acknowledged locally, nationally and internationally as a first-class comprehensive research university whose bilingual and multicultural dimensions of student education, scholarly output and contribution to the community consistently meet standards of excellence.

**Emblem**
The emblem of the University is the mythical Chinese bird feng (鳳) which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty. The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

CUHK & Faculty of Medicine

Faculty of Medicine, CUHK

**History**
Established in 1981, the Faculty of Medicine has flourished and grown over the years, adding different schools of various disciplines and churning out groundbreaking medical discoveries as well as graduates of exceptional talents who have put it on par with its international and local counterparts. The Faculty has been ranked as one of the top 50 medical schools in the world in less than 40 years.

The colour green symbolizes youth and vigour of the Faculty.

Chinese characters of CUHK (中大) are masked in the contours of the leaf veins.

Purple is the Faculty’s signature colour.

Two overlapping purple and green apricot leaves have come to represent the Faculty of Medicine since 2013. Apricot trees have long been used to embody the medical profession. While purple is the Faculty’s signature colour, green symbolizes youth and vigour. Mimicking the leaf veins, the Chinese characters of CUHK (中大) are embossed on the apricot leaf.

**Duration**

A face-to-face individual interview conducted by two panel members of our senior professors, outstanding medical alumni or distinguished physician leaders in the community.

**Language**

Interview Categories – “5Ms”

1. **Motivation and Expectations**
2. **Medicine and Innovation**
3. **Morals, Ethics and Critical Thinking**
4. **Maturity, Leadership and Teamwork**
5. **Manner and Communication**

**Admission Requirements**

**MBChB**

Based on the previous results, we expect that students should achieve a total HKDSE score ≥ 40 for entry into our medicine programme.

The 4 Core subjects and the best 3 Elective subjects will be calculated as the HKDSE total score (where level 5** = 7 points, 5* = 6 points, 5 = 5 points etc.)

The extended mathematics module (M1/M2) contributes to the total HKDSE score if its attained level is higher than that of the worst one of the seven subjects.

**JUPAS**

**HKDSE**

40

**Non-JUPAS**

**IB**

42

The minimum requirement is a final score ≥ 42 (out of 45), with grades of at least 6,7,7 in the Higher Level subjects.

**GCE A-Level**

4A*

The minimum requirement is 4A* (usually an average mark of ≥ 95%). Chinese and Further Maths are not included.

**GPS**

**HKDSE**

≥ 46 and 5** in 4 subjects

**IB**

≥ 44

**GCE A-Level**

A* in all subjects with average mark of ≥ 97%

---

^ The programme admission requirements are subject to interview performance and a past record of achievement. Non-JUPAS applicants are students applying with academic qualification other than the HKDSE. For admission details, please visit: http://www.med.cuhk.edu.hk and http://admission.cuhk.edu.hk
**Choh-Ming Li Basic Medical Sciences Building (BMSB)**

The BMSB is a dedicated teaching and learning complex for the undergraduate students of the Faculty of Medicine.

Designed to heighten effectiveness and efficiency for education excellence, the building is renovated in 2020 with refurbished modern classrooms, state-of-the-art teaching laboratories, computer rooms, and a spacious learning common with rooftop garden that can accommodate more than 130 guests.

---

**Dissecting Laboratory**

*Choh-Ming Li Basic Medical Sciences Building (BMSB), CUHK*

We take special pride in our modern dissection laboratory - one of the finest in the world for hands-on dissection training and life-and-death education. Students learn valuable lessons and anatomy knowledge from the “silent teachers” and develop a deep sense of gratitude and respect for those who have donated their bodies to science.

Since the “silent teachers” programme was launched in 2011, over 14,000 donors have registered the programme to contribute for the future development of local healthcare education and research.
Lo Kwee-Seong Integrated Biomedical Sciences Building
Area 39, CUHK

Equipped with advanced biomedical equipment, the nine-storey, state-of-the-art building contains a demonstration laboratory, seminar rooms, research commons, theme-based laboratories, meeting areas and offices. Its open-plan layout and green designs offer an integrating, eco-friendly environment for the Faculty’s expanding research activities and scientific exchanges.

The building has received Platinum Standard rating from the Hong Kong Building Environmental Assessment Method (BEAM).

Prince of Wales Hospital (Major Teaching Hospital of CU Medicine)
30-32 Nga Shing Street, Shatin

As the largest teaching hospital of CU Medicine, the Prince of Wales Hospital has worked closely with the University to nurture over 5,000 healthcare professionals while supporting our medical research initiatives over the last few decades.

Occupying an area of around 10.5 hectares, the 1,700-bed regional acute hospital provides a comprehensive range of secondary, tertiary, and quaternary healthcare services through its many multidisciplinary teams, offering patients state-of-the-art medical care and cutting-edge treatment of many complex and rare diseases.

The Phase II redevelopment project commenced in 2017 will provide additional space to meet the increasing service demand and operational needs.
Li Ping Medical Library
Lui Che Woo Clinical Sciences Building, Prince of Wales Hospital

The Li Ping Medical Library provides an extensive collection of clinical and medical sciences resources in print and electronic formats to support the needs of students, faculty, and researchers. The design of collaborative learning space and individual study areas can cater to users with different learning styles.

Apart from a few sections, the Library provides 24 hours access for users daily.

Kai Chong Tong Clinical Skills Learning Centre
Lui Che Woo Clinical Sciences Building, Prince of Wales Hospital

To facilitate teaching and learning of physical examination skills and clinical procedures as part of our integrated systems-based medical curriculum, the 8,000 sq. ft. Learning Centre features 7 consultation rooms, 6 open-space demonstration/lecture rooms, and a control room that open 24-hour daily for students and faculty.

In addition to scheduled training sessions, the Centre maintains a collection of more than 200 models, manikins, compact discs and online materials for intensive learners.
CUHK Jockey Club Minimally Invasive Surgical Skills Centre (MISSC)  
Li Ka Shing Specialist Clinic (North Wing), Prince of Wales Hospital

Opened in 2005, MISSC is the first training centre offering minimally invasive, robotic and endoscopic surgical training in the Asia Pacific region.

The centre comprises well-equipped Robotic & Minimally Invasive Surgical Skills Laboratory, Microsurgical & Endoscopic Skills Laboratory as well as Simulated Operating Theatre for facilitating hands-on training and research.

Madam S H Ho Hostel for Medical Students  
Prince of Wales Hospital

Situated in the Prince of Wales Hospital and directly managed by CU Medicine, the Hostel provides 304 places to senior medical students and overseas elective students who spend most of their time at the teaching hospital. The priority for allocation of the hostel places will be according to the seniority of the Medical Years.

The Hostel offers numerous study spaces, a music room, and a large common area where residents can social, exchange ideas, and host large-scale student events in a relaxing and inclusive environment.
